

## **GEOFF HEALING**

I married Rosemary in 1970. We have four daughters, the youngest of who was adopted, and five grandchildren. Two of our daughters are married and we are very lucky that our grandchildren all live close by and we see them often. We have lived in Woking for the last forty years.

I first started coming to Ladywell in 1994 for spiritual direction and have been an Associate since 2001. I took a degree in applied physics in the '60s but my career took me into technical sales.

Following my retirement, I have re-trained for fun as a domestic electrician and am now fully qualified.
