A new Chapter
(slideshow).pptx

Lyrics for the song - A New Chapter

Today we turn a page, not a beginning or an end
But the next part of the journey.
Our call is borne of faith, for every step of the way
Now we travel on together.
Stronger and wiser, with a history richer than we had alone,
With gratitude, and humility—

This is a New Chapter, the next chapter of our journey
Only God could know this would be our road,
This is a new chapter, the next chapter of our story.
The Way is true and clear, our story dances on
for a New Chapter to begin.

We've crossed the stormy seas,
We have traveled rutted roads
But we would not change our journey.
This is our destiny, our common path to Greater Love
What a privilege before us
Stronger and wiser,
Our hands and our prayers are multiplied
With gratitude, and humility—In this New Chapter of our life.

This is a New Chapter, the next chapter to our journey,
Only God could know this would be our road
This is a new chapter, the next chapter to our story.
Our hearts are opened wide,
Our steps are sanctified
for a New Chapter of our life.
