

GRECCIO COMMUNITY—GUILDFORD

Greccio is a cave in the Rieti valley where Francis of Assisi prayed and met with his Lord. It was here that Francis was inspired to create the first crib by gathering the people of Greccio and their animals to tell the greatest love story of all time.

Greccio our house in Guildford, became FMDM novitiate in 1936 and seventy years later on 1st October 2015, it once again opened its doors to welcome Molly Rajan to begin her FMDM journey of discernment and discovery of God's plan for her life.

Molly Rajan

Molly Rajan from Malaysia, was accepted as a novice during a simple ceremony on 1st October 2015 in Greccio—Guildford, our new Novitiate House.

We rejoice with Molly and wish her every blessing as she begins her journey in the Congregation of the Franciscan Missionaries of the Divine Motherhood.
